**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC, I had ATT for 10 years but they talked pretty but produced little. I have had Sonic for my (business for 8 years and home for three... copper) and have been highly satisfied. I am now waiting for fiber to come my way. I live in San Francisco (since 1983) and find it laughable that ATT never managed to bring me fiber and my brother in conservative Virginia has fiber.

Tell these guys to get the fiber in every house in America and WIFI on every street.
The developed World laughs at us for so many reasons.
The difficulty getting fiber set up is just one.
